

BlueCross BlueShield PPO is a preferred provider organization designed exclusively for Emory. This plan offers the flexibility of two levels of in-network benefits described as Core and BCBSGA national. In addition to these two levels, the plan includes an out-of-network component. A Primary Care Physician (PCP) selection is not required and one may go directly to a participating specialist without a referral. Co-payments, deductibles and co-insurance amounts may vary depending on the type of service, network utilized or the place of service. Coverage is available under this plan for both Georgia and non-Georgia residents.

Emory contracts with BlueCross and BlueShield of Georgia (BCBSGA) to administer the medical benefits and United Behavioral Health (UBH) for behavioral health benefits. Medco provides the pharmacy benefit.

To allow members greater access to providers the BCBSGA offers two networks:

1. The Core network includes physicians, hospitals and other health care providers primarily affiliated with Emory HealthCare. Using Core network providers gives you the maximum benefit available under the plan, with lower co-pays, co-insurance and deductible.
2. The BlueCross and BlueShield of Georgia (BCBSGA) PPO network providers provide in-network benefits. The co-pays, co-insurance and deductibles are slightly higher than with the core network.
3. Out-of-network providers do not participate in the BCBSGA PPO network. Your costs are the highest when you choose out-of-network providers.

Choosing Your Physician

You may select a participating physician from the Emory Core network or from the BlueCross and BlueShield of Georgia PPO network. To access the most up-to-date information on participating providers you should visit www.bcbsga.com/emory and click on 'FIND A DOCTOR'. You will be asked to indicate the plan you are covered by and whether you are seeking a Core physician or one who participates in the BCBSGA PPO network.

You can choose BCBSGA PPO for Emory Employees (Core)

or

BlueChoice Preferred Provider Organization (PPO) for non-Core in-network providers.

Information and Member Services

Customer Service Department
800-441-2273

If you have a question or need assistance, please call the BCBSGA Customer Service department at the above number. The number is also listed on the back of your BCBSGA PPO ID card. Carry your ID card with you at all times as it lists important phone numbers and emergency instructions. The ID card also has your member identification number (not your Social Security Number), and co-pays for office visits, emergency visits, and hospitalization. When calling Customer Service, please have your ID card available. For prescription drug benefits you will have a Medco ID card.

Information about EMORY HEALTHCARE Physicians and Services

Emory HealthConnection is a resource available to assist you in selecting the right Emory provider to meet your needs. **Emory HealthConnection** can be reached at **404-778-7777** or online at **www.emoryhealthcare.org**.

Emory HealthConnection and **www.emoryhealthcare.org** provide health care consumers and physicians with valuable information about the EMORY HEALTHCARE network of physicians and facilities, which includes more than 750 doctors, four hospitals, as well as nationally recognized primary care and specialty care outpatient clinics. HealthConnection is a direct line to registered nurses and representatives who can answer almost any question you may have regarding health information, and can help plan your visit to any EMORY HEALTHCARE center or hospital.

www.emoryhealthcare.org contains in depth information about EMORY HEALTHCARE, the most recent Emory news and events, and the ability to search for an Emory physician to meet your needs. By selecting the “**Find a Physician**” feature from this website, you will be able to search for an Emory physician by name, location, or clinical specialty.

Making an Appointment

The Emory Employee Access Program (EVIP)

The Emory Employee Access Program (EVIP) enables employees and their dependents to take advantage of our premier facilities and physicians. To schedule an appointment with an Emory Clinic physician, call the department number listed below. Please be sure to identify yourself as an Emory employee or direct dependent when calling. EVIP is designed to match employee need to the Emory Clinic provider in a medically appropriate time frame. Some of our senior faculty have mature practices that are already full. If we cannot accommodate you with a particular physician, we will refer you to a well qualified partner, or to an affiliated community practice. If the timeframe for the appointment is not satisfactory, staff can call the dedicated Emory Employee Access Line at 404-778-EVIP for assistance.

IN-NETWORK BENEFITS

Members are responsible for obtaining care from designated network providers to receive in-network benefits. Your primary care physician can assist with coordinating all of the care you need within the Blue Cross and Blue Shield of Georgia Network.

HOSPITAL CARE

If you require hospitalization, you must make sure your provider obtains pre-certification. Have the admitting physician or hospital call BlueCross and BlueShield of Georgia at the toll-free number shown on your ID card to pre-certify your admission to a hospital in the network. In most cases you and your physician will plan where you will go, what needs to be done and how long you will be in the hospital.

SPECIALTY CARE

You also have access to any specialist in the BlueCross and BlueShield of Georgia network. Orthopedic surgeons, general surgeons, and cardiologists are examples of the specialists included in the network.

MEDICAL EMERGENCY CARE – IN AND OUT OF THE SERVICE AREA

With BCBSGA PPO, you are covered for **life threatening or limb threatening** medical emergencies anywhere in the world.

A medical emergency is defined as a condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson possessing an average knowledge of medicine and health, to believe that his or her condition, sickness or injury is of such nature that failure to obtain immediate medical care could result in their health being in serious jeopardy, serious impairment to bodily functions, or serious dysfunctions of any bodily organ.

In case of a medical emergency, you should seek treatment at the nearest emergency facility. All medically necessary treatment received during the first 48 hours after the onset of the medical emergency will be eligible for in-network benefits, regardless of where the treatment is received, or whether such treatment is furnished by an in-network or out-of-network provider. **You should notify your physician of the medical emergency within those first 48 hours or as soon as possible, and he/she will provide instructions concerning the continuation of any necessary medical services after those first 48 hours.** If you are traveling outside the country, you must notify BlueCross and BlueShield of Georgia Customer Service of the medical emergency within the first 48 hours or as soon as possible when you return to the United States in order to be eligible for in-network benefits.

For each visit to an emergency room, you are responsible for a co-payment unless you are admitted to the hospital.

For all medical emergencies, present your BCBSGA PPO member ID to a hospital representative at the time of treatment. The card contains all necessary emergency instructions. The emergency facility may contact BlueCross BlueShield to verify your coverage. It is your responsibility to ensure that the insurance company is notified.

URGENT CARE - IN AND OUT OF THE SERVICE AREA

If you are traveling outside the country and have an emergency, go directly to the nearest hospital. If you need to locate a doctor or hospital, or need medical assistance, call the BlueCard Worldwide Service Center at 800-810-2583 or call collect at 804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, in conjunction with a medical professional, will arrange a physician appointment or hospitalization, if necessary. To learn more about BlueCard Worldwide call Blue Cross Blue Shield of Georgia at 1-800-441-2273 or visit www.bcbs.com/bluecardworldwide...

If you are out of state and need to seek urgent medical care call Network Access at 1-800-810-2583 or visit www.bcbsga.com to locate a provider.

RECIPROACITY

Members residing or temporarily located outside of metropolitan Atlanta must call BlueCross and BlueShield of Georgia or United Behavioral Health (for mental health) to locate a participating provider. If a participating provider is available, claims will be paid at the in-network benefit level. If no provider is available, claims will be paid at the out-of-network level.

OUT-OF-NETWORK BENEFITS**PHYSICIAN SERVICES**

If you choose to go to a provider outside the BlueCross and Blue Shield of Georgia or UBH network, eligible charges will be reimbursed at the usual and customary rates subject to an annual deductible and co-insurance. You must submit a claim form to Blue Cross and Blue Shield of Georgia (medical) or United Behavioral Health (behavioral health) for reimbursement of your expenses. Claim forms are available on the UBH (for behavioral health claims) and BlueCross and BlueShield of Georgia (for medical claims) web sites or from your Human Resources Benefits Department.

GENERAL INFORMATION**CUSTOMER SERVICE DEPARTMENT**

Health care questions or problems concerning your medical coverage should be directed to the Blue Cross and Blue Shield of Georgia Customer Services Department at **800-441-2273**. For behavioral health questions or UBH claims issues contact UBH at **877-237-8575**.

IDENTIFICATION CARDS

A BCBSGA PPO ID card will be issued to you and each of your covered family members. This card provides information concerning emergency procedures. Your card also includes your member ID and the phone numbers for the Customer Service Departments for BlueCross and BlueShield of Georgia and United Behavioral Health. Medco prescription drug cards (2 per family) will also be issued to you. Your identification cards should be carried with you at all times. If your ID card is lost or stolen, please call the BlueCross and BlueShield of Georgia Customer Service Department at **800-441-2273** or Medco at **800-939-3758**.

CLAIM SUBMISSION

No claim forms are necessary for treatment furnished by an in-network provider. However, when you receive treatment from an out-of-network provider, a claim form is required for reimbursement of eligible expenses. Claim forms for medical and vision expenses may be obtained from the BlueCross and BlueShield of Georgia web site at www.bcbsga.com/members/forms or from your Benefits Department.

Once completed, claim forms should be sent to:

Health Care Claims
BlueCross and BlueShield of Georgia
P. O. Box 9907
Columbus, Georgia 31908-6007

If you have any questions on how to submit a claim call the BlueCross and BlueShield of Georgia Member Services Department at 1-800-441-2273.

COORDINATION OF BENEFITS (COB)

COB is a provision contained in group health plans that is designed to prevent duplicate payments when persons are covered by more than one employer group medical plan.

BlueCross and BlueShield of Georgia and UBH will request information regarding coverage you or your dependents may have under another group medical plan on an annual basis. You may receive the request in a letter or in a paragraph outlined on your Explanation of Benefits (EOB) that you may receive as the result of a claim being submitted on your behalf by you or your provider. To ensure timely and accurate processing of claims, you should respond to any request for information as quickly as possible.

PRE-CERTIFICATION

Pre-admission certification/continued stay review is a program designed to help you and your dependents avoid unnecessary or excessively long hospital stays. You must have any request for a non-emergency hospital stay other than a maternity stay approved before you are admitted, or your costs could be substantially higher. As a part of the pre-certification process, Blue Cross and Blue Shield of Georgia will determine an appropriate length of your hospital stay. If you stay beyond the approved length of stay, you must obtain an approval. You may obtain a pre-admission certification/continued stay review by calling the toll-free number shown on your ID card. For behavioral health or substance abuse admissions contact United Behavioral Health at **877-237-8575**.

Pre-certification is not required for a maternity stay of 48 hours for vaginal deliveries or 96 hours for cesarean sections. Any hospital stay beyond the initial 48 or 96 hours must be approved. Please contact Customer Service for details.

BEHAVIORAL HEALTH AND SUBSTANCE ABUSE BENEFITS
(Administered by United Behavioral Health)

United Behavioral Health is a team of experienced psychiatrists, psychologists, clinical nurse specialists, and licensed counselors with broad expertise in treating children, adolescents, adults, and families. Available 24 hours a day, United Behavioral Health providers are prepared to help participants with behavioral health issues and authorize appropriate treatment.

BCBSGA PPO members should call United Behavioral Health Member Services at **877-237-8575** to obtain a referral to an in-network provider.

CLAIMS SUBMISSION:

No claim forms are necessary for treatment furnished by an in-network provider. However, when you receive treatment from an out-of-network provider, a claim form is required for reimbursement of eligible expenses.

For behavioral health expenses, claim forms can be obtained from the UBH web site at www.liveandworkwell.com.

Once completed, claim forms should be sent to:

Behavioral Health Care Claims

United Behavioral Health

P. O. 30755

Salt Lake City, UT 84130-0755

United Behavioral Health out of network claims can also be filed online using the UBH Live and Work Well web site.

To submit an out-of-network claim online:

- * Go to www.liveandworkwell.com
- * Log in using YOUR group access code 11370 (skip this step if you enter the site via the Emory benefits site)
- * Click "My Claims and Coverage" on left
- * Click "My Claims and Coverage" on the next page
- * Complete your registration
- * Using your billing statement, enter information into the claim form
- * Review your completed claim
- * Click "Submit Claim"

Claims submitted via liveandworkwell.com are fully secure, and all data is protected by 128-bit encryption. Your claim data goes directly into the UBH claims processing system. If you have any questions on how to submit a claim, call the United Behavioral Health Customer Service Department at 877-237-8575.

Prescription Drug Benefit (Administered by Medco)

An in-network prescription drug benefit is part of the BCBSGA PPO program. This benefit enables you and your covered dependents to have a prescription filled at a participating pharmacy or to use the mail order prescription service for a co-payment.

WHAT IS COVERED

The program enables you to purchase prescription drugs at one of 45,000 participating Medco retail pharmacies or through Medco's Mail Service Pharmacy. At a participating Medco retail pharmacy, the plan pays for the eligible charges for up to a 30-day supply after you pay the applicable co-payment. Remember to always show your Medco Identification Card for maximum plan benefits. Through the Medco Mail Service Pharmacy, the plan pays for eligible charges for up to a 90-day supply after you pay the applicable co-payment and in most cases will save you time and money.

HOW THE IN-NETWORK PRESCRIPTION DRUG BENEFIT WORKS

Four-Tier Prescription Drug Program

The Medco prescription benefits program has a five-tier co-payment structure to help defray your out-of-pocket medical expenses.

If the retail cost of the drug is less than the co-payment, you pay the retail cost of the drug, but with mail order you pay the co-pay.

When a generic drug is available, but the brand name drug is dispensed for any reason, you will pay the generic co-payment plus the difference between the brand-name drug and the generic drug.

Tier 0 – The co-payment is waived for Generic drugs used to treat diabetes, Chronic Heart Failure, high blood pressure, high cholesterol and asthma.

- **Tier 1 - Generic** - \$12 co-payment

These drugs are the most affordable way for you to obtain quality medications at your lowest co-payment level. A generic drug is labeled with the medication's basic chemical name and usually has a brand-name equivalent. The U.S. Food and Drug Administration (FDA) requires that generic drugs have the same active chemical composition, same potency and are offered in the same form as their brand-name equivalents. Generic drugs must meet the same FDA standards as brand name drugs and are tested and certified by the FDA to be as effective as their brand-name counterparts. This tier also covers selected brands for the treatment of diabetes, Chronic Heart Failure, high blood pressure, high cholesterol and asthma.

- **Tier 2 - Preferred Brand** - \$25 co-payment

Preferred brand name drugs that have no generic equivalent, except for certain drug classes included in tiers 3 and 4.

- **Tier 3 - Non-Preferred** - \$50 co-payment

These are brand-name drugs that either have equally effective and less costly generic equivalents or may have one or more preferred-brand options.

- **Tier 4** - \$70 co-payment

These are either personal choice drugs or drugs that have a less expensive alternative either over-the-counter or in the other tiers.

Mail Order Prescription Drug Service

If you are prescribed a medication requiring long term use (3 months or more), you may take advantage of Medco's mail order program. You should request two prescriptions from your doctor; the first, for a 30-day supply to be filled at a participating pharmacy while your mail order prescription is being processed. The second, for a 90-day supply, to be filled through the mail.

Medco offers you the advantage of obtaining your prescriptions through a mail order prescription service. By submitting prescriptions to this service, you will be able to obtain a three-month supply of **maintenance drugs** for the cost of only **two and a half retail co-payments**. Non-maintenance drugs are not available through the mail order service. Forms for submission of prescriptions to the mail order service will be sent to you after enrollment. Forms are also available online at www.Medco.com, by calling Medco Prescription Service at **800-939-3758** or at your Human Resources Benefits Department. For all prescriptions filled through mail order, regardless of day's supply, your co-pay is two and a half times the retail co-pay.

You can locate your covered prescription medications easily online by searching the Medco Preferred Drug List at <http://www.medco.com>. Your physicians and pharmacist also have access to the Medco Preferred Drug List. Call Customer Service **800-939-3758** when you have a question about your prescription drug benefits. This number is shown on your Medco ID card.

Emory Eye Center

Routine vision screenings are available at Emory Eye Center with a specialty provider co-payment. Emory employees and family members receive a discount on eyeglasses and contact lenses.

- 25% discount on retail eyewear including eyeglass frames, lenses and accessories (will accept outside prescriptions on eyeglass lenses if under one year old)
- 10% discount on most disposable contact lenses (discount valid only with an examination by an Emory Eye Center provider)
- 25% discount on vision correction surgery at Emory Laser Vision

Discounts are available at the Emory Eye Centers at the following locations:

Emory Eye Center
1365 Clifton Road
Building B
Atlanta, GA 30322

Emory Eye Center
Crawford Long Hospital
478 Candler Building
Suite 620A
Atlanta, GA 30308

Emory Vision Center
The Emory Clinic, Perimeter
875 Johnson Ferry Road
Atlanta, GA 30342

Call **404-778-2020** to schedule an appointment for any of the Emory Eye Center locations.
